FLOTILLA BY AIR TO VISIT IN KANKAKEE

KANKAKEE INCLUDED IN
STATE AIR TOUR SPONSOR-
ED BY ILLINOIS CHAMBER

STARTS AUGUST 20TH

Kankakee's Continued Interest in Aviation Catches Eye Of The State Officials

W. A. Spencer, president of the Kankakee Chamber of Commerce, this morning made an important announcement to the effect that as a result of the continuous activities of the chamber of commerce, in cooperation with the Kankakee airport, a great Illinois State Air Tour will be sponsored by the Illinois chamber on the dates of August 20 and 21. The officials decided to again sponsor the air tour because of the continued interest in the past few years, operation which the chamber has always state officials in aviation.

The air tour will begin on the morning of August 20 and a fleet of twenty-five, will leave the Curtis-Wright-Reynolds airport, Springfield, Ill., for Kankakee, where they will be met by the Kankakee Chamber of Commerce. From Kankakee the tour will return to the Curtis-Wright-Reynolds airport, where the tour will be completed, and in a way officially starting the National Air Races which are scheduled at that airport to begin on August 23, and continuing to September 1.

President Spencer of the Chamber of Commerce states that "the chamber of commerce has again decided for Kankakee with the state officials of the Illinois Chamber of Commerce to have Kankakee included on this important air tour, the second of which has ever been sponsored in the history of Illinois."

The tentative arrangements are that the flotta of ships will visit Kankakee some time during the afternoon of August 23, and any one interested in further details should get in touch with the Chamber of Commerce office.

WICHERT BOY IS KICKED BY HORSE

William Kleinert, aged 12, son of Mr. and Mrs. Fritz Kleinert of Wicher, is a patient at St. Mary's hospital, suffering from injuries received when he was kicked by a horse last Thursday morning.

Dr. W. J. Hogstrom of St. Anne, the attending physician, stated today that the blow had caused a perforation of the bowel and that the boy was in a serious condition with odds against his recovery.

GEO. DENNY FOUND DEAD IN BED TODAY

ST. ANNE MAN SUCCUMBS TO
LONG ILLNESS; CARTIER
HAS INQUEST

FUNERAL IS SUNDAY

Deceased Had Been Unable To
Walk For Last 12 Years;
Wife Finds Body

George Denny, age 62, was found dead in bed at 6 o'clock this morning in his home at St. Anne. Coroner Octave J. Cartier was called and conducted the inquest. Mr. Denny had been suffering from arthritis for the past twelve years and had been unable to walk since his first attack.

The body was found by Mrs. Denny when she went to his room to awaken him.

Mr. Denny was born June 23, 1868, at Terre Haute, Ind., and moved to St. Anne when he was 17 years of age. He was a telegraph operator at the village until 12 years ago when his health failure necessitated his retirement. He was married to Miss Abbie Martin of St. Anne in 1896.

Funeral services will be held at 1:30 o'clock Sunday afternoon at the Woodington funeral chapel in St. Anne. Burial will be in the St. Anne cemetery. Besides his wife, Mr. Denny is survived by a number of nieces and nephews.

FINAL ROUND OF TOURNEY AT TOM THUMB THIS EVE

Tonight at 7:30 o'clock opens the final round for those who have qualified in the tournament now in progress at the Kankakee Tom Thumb miniature golf course. Contestants may play their final game at any time during the tournament period tonight.

First prize for men will be a Walter Hagen steel shaft putter, and first prize for women will be a silk and wool golf sweater.

The new golf driving net, an interesting and ingenious contrivance for driving practice, is now open for inspection and play at the Tom Thumb course. The machine is more than a driving range, it is a golf game in itself.

**"WHAT A NIGHT" SAYS
VICTIM OF KIDNAPER**

Chicago, July 16.—(AP)—"What a night," James Berentio, a mechanic, was saying to himself today. Meaning last night.

Berentio was kidnapped by two men, robbed, beaten when he resisted his captors, shot in the left hand and finally tossed from the bandits' car.

SUSPECT IN LINGLE CASE IN CHICAGO

FRANK FOSTER ARRIVES THIS
MORNING IN CUSTODY OF
TWO DETECTIVES

HE OWNED REVOLVER

With Which Tribune Reporter
Was Slain; Questioned
About It

Chicago, July 19.—(AP)—Frank Foster, gangster under indictment for the murder of Alfred Lingle, Tribune reporter, returned from California in custody of two detectives today and was rushed to the criminal court building for examination.

Foster was taken from a Santa Fe train as it paused in the railroad yards near Western avenue. A police squad car met him there and the gunman was whisked under heavy guard to the court house a short distance away.

The gangster has admitted he once owned the revolver found beside the body of Lingle. The investigators want to know to whom he gave the gun.

Mrs. Foster, who was already aboard the train when Foster and his guards boarded it at San Bernardino, Calif., left it at Joliet this morning.

Thomas Abbott, who has been secretly sought as the actual slayer of Alfred (Jake) Lingle, was captured early today in a spectacular chase in which hundreds lined the streets cheering.

Abbott, driving the same type of automobile used in the recent attempted assassination of Jack Zuta, led a police flivver squad a ten mile chase before he was caught at the door of his apartment.

The chase started at Diversy avenue and extended north as far as Rogers Park, then south again. Several times in doubling back on the trail, the Abbotts and police cars sped up and down North Clark street. Hundreds of persons, recognizing the machines by their speed and constant reappearance, lined the streets and cheered.

Many shots were fired by the officers. A gun was found in the Abbott machine.

Abbott, who was accompanied during the chase by his wife, denied having any part in the murder of Lingle, the Tribune reporter who was killed June 9, or in the attack on Jack Zuta. There was a bullet hole in the back of the Abbott car which police believe was made by officers who fired on the machine from which the attack on Zuta was made. They said they did not believe any of the shots fired in last night's chase struck the machine.

FORMER LOCAL CLUB HEAD TO BROADCAST ACROSS ATLANTIC

The Illinois 4-H club party now in Europe will broadcast from England through the National Broadcasting Company on Monday, July 21, at 12 o'clock central standard time. Miss Mary A. McKee, Junior Club Specialist of the University of Illinois and former Kankakee girl and brother of Herbert McKee, local garage owner, is a member of the party.

Nancy Grosboll and Mary Jeanette Irwin, two 4-H club girls of Petersburg, Ill., will have the honor of being the first 4-H club members to have their voices carried across the Atlantic ocean by radio and re-broadcast by the National Broadcasting company over thirty-nine states covering the entire United States. The broadcast will be made from the studios of the British Broadcasting Company in London just previous to their return to the United States.

ROUTE FOR MEN'S ATLANTIC AIR DERBY

Chicago, July 19.—(AP)—The route of the men's Atlantic air derby, one of seven cross-country races here in August, was announced today.

Contesting planes of 200 horsepower will take off from Miami at noon August 20, stopping at Tampa for luncheon and Jacksonville overnight. The following day the fliers will lunch at Macon, Ga., and stop for the night at Augusta. On August 22 they will fly to Murfreesboro, Tenn., and then to Cincinnati for the night stop and the final day will fly to Joliet, Ill., and Curtiss-Reynolds airport here.

Eastern fliers not entered in the non-stop derby will enter the Atlantic fleet, flying 1,545 miles for \$3,500 in prize money.

Jas. Lockwood Wins Cuckoo First Prize

Over 100 boys and girls of Kankakee participated in the big Cuckoo parade sponsored in the downtown business district this morning by The Daily Republican and the Majestic theater. The children were attired in a variety of funny costumes and many brought their dogs, cats and other pets into the procession.

The first prize, two dollars, was awarded to James Lockwood, Ruberta Rice won the second prize, one dollar. Ten others were given weekly passes to the theater: Kenneth Rapier, Billy Boyd, Edwin Poutre, Marie Fournier, Polly LeSage, Robert Ennis and Margaret Ennis.

After the parade, which was headed by a fleet of Daily Republican cars, the youngsters were the guests of the theater management at a special showing of the picture, "The Cuckoos," which will be at the Majestic on Sunday and Monday.

CHILD INJURED WHEN STRUCK BY MOTOR VEHICLE

Bernice Neff, aged 3, 154 West Bourbonnais street, today is in a serious condition at St. Mary's hospital, suffering from a fractured skull received yesterday afternoon when she was accidentally struck by a truck.

The accident occurred at about 3:20 o'clock at the intersection of Bourbonnais street and Washington avenue as the child started across the street to get a quart of milk. It is said that she watched for autos from one direction but failed to look in the opposite direction.

John Braun, 259 East Water street, driver of the truck, reported to police headquarters last evening that the child ran in front of his machine. He said that he stopped, picked up the girl, and took her to the hospital.

Dr. J. A. Brown, the attending physician, stated this morning that the child had not recovered consciousness, but that she showed evidence of being slightly better.

SHAMROCK V ENCOUNTERING A ROUGH SEA

Portsmouth, Eng., July 19.—(AP)—A gale she encountered an hour after departing for New York and Newport today halted Sir Thomas Lipton's challenger Shamrock V on her voyage to try to lift the America's cup, leaving it anchored off Ryde pier.

A strong westerly blow showed no signs of abating during the afternoon and it was decided by Captain Ned Heard not to attempt to buck it. With the weather getting worse as evening came on it was thought quite possible that the challenger would remain in sheltered waters north of the Isle of Wight beside Ryde pier all night and proceed on her voyage tomorrow.

Portsmouth, Eng., July 19.—(AP)—Shamrock V ran into a gale within an hour of her departure for New York and Newport today, causing Captain Ned Heard to consider the advisability of anchoring off Yarmouth until the weather cleared.

Captain Heard signalled, "If we find the weather outside continued unsuitable after we leave Spithead we will anchor off Yarmouth. I don't think we will find the wind so bad when we get into the open sea."

BOYS WILL REMAIN IN TREE ON NORTH DEARBORN 2 WEEKS

Harold Rice and Westerfield Milon, who will be sitting in a tree in the 700 block on North Dearborn avenue 48 hours at 6:30 o'clock this evening, announced that they expect to remain on their perch until Sunday, August 10, which is the start of fair week in Kankakee.

From all appearances, the two youths will carry out their plans. They are resting comfortably in the cool branches of the tree and are served cold drinks, ice cream, etc., by their "refueling" crew.

Paul O'Connor, Edward Anderson and Bob Adams, the three youths who are sitting in a tree in the 1100 block on East Chestnut street are still going strong and had completed 75 hours in the tree this afternoon.

70 Known Dead From Typhoon

Tokyo, July 19.—(AP)—Incomplete reports from Typhoon stricken Kyushu Island tonight listed 70 known dead, more than 100 missing 737 injured, 4,200 houses destroyed and more than 13,000 homes damaged.

Hundreds of boats were sunk or missing in the storm which struck yesterday, the wind at one time reaching a velocity of 112 miles an hour.

In Uagasaki prefecture there were 37 dead, 450 injured. Kukuoka prefecture reported 17 dead, 90 missing and 140 injured. These districts received the heaviest scouring from the Typhoon.

Estimates of the damage in these prefectures included 19,000,000 yen (about \$3,500,000) at Kagoshima and 20,000,000 yen at Nagasaki. The total property loss probably will exceed 100,000,000 yen.

Fragmentary reports from Korea showed the Typhoon swirled across the southeastern shores of that already stricken Peninsula with its fury little abated. Southern Korea still was in mourning for the hundreds of dead in the recent rains.

ALLEGED AUTO THIEF ARRESTED BY THE POLICE

Charged with having stolen a Chevrolet automobile in Champaign yesterday, John Bender, 19, of South Chicago, was arrested last evening by Officers Cantlin, Clifford and Mathy. He was taken under custody when he tried to sell a tire at the store of Albert J. Christiansen in West Kankakee.

Bender has admitted the theft, according to John Stack, chief of police, and was trying to sell the tire in order to get money to buy gasoline. Chief Stack has communicated with Chief of Police Keiler at Champaign, who is expected to send officers here after Bender and the car.

A 14 year old boy, small for his age, was arrested by Chief Stack and Imming, charged with having entered the home of Ernest Chittig, 170 North Fifth avenue, for the purpose of stealing.

According to witnesses, the boy came to the rear door of the home while the family was sitting on the front porch. He tried to open the screen door with a knife but was frightened away when a neighbor came home. He returned in a few moments and finally succeeded in opening the screen.

Mrs. Alex Ernest, a neighbor, saw him enter and called her husband, a city fireman. Mr. Ernest hurried to the Chittig home and found the boy in the house. He had gone all the way through the house into a bedroom, opened a dresser drawer, and had taken out a pocketbook.

When he saw the fireman enter, he threw the purse on top of an icebox in the kitchen. Mr. Ernest called the police and the boy was taken to the city jail.

It is believed that this boy is the same who entered the home of Louis Pombert, also a city fireman at Dearborn and Shennett, Thursday afternoon and took 50 cents from a pocketbook lying on the dining room table. The boy was not seen in the house, but was seen in the alley at the rear a few moments later.

G. I. HARRISON DROWNED IN IROQUOIS

George I. Harrison, night agent for the Illinois Central railroad at Gilman, drowned in the Iroquois river east of Danforth at 2 o'clock this afternoon.

Harrison, with his wife and two children, had gone to the river to seek relief from the heat. They were in bathing and the other members of the family were helpless as the father drowned in their view.

FIRE TAKES FARM HOME AT TUCKER

LARGE HOUSE OF MR. AND
MRS. FRANK MARTINO
IS DESTROYED

AS STOVE EXPLODES

Husband In Hospital Suffering
From Burns Received When
He Rescued Wife

The large residence of Mr. and Mrs. Frank Martino, a young couple who started a chicken farm in Tucker two years ago, was completely destroyed by fire last evening. A new chicken brooder house, all their furniture and clothing, valuable papers, and a huge pile of cord wood went with the house.

The young husband was burned as he rushed into the house to save his wife, through an inferno of fire that filled the kitchen after a gasoline stove exploded, scattering flames everywhere. He was taken to St. Mary's hospital and is still a patient there today. Both arms and shoulders and one leg were badly burned. His wife was uninjured although her clothing caught on fire.

The fire broke out about 6:30 as Mrs. Martino was preparing the evening meal on the stove, which was new and of which the young wife was very proud. Mr. Martino was at the rear of the house doing his chores when he heard the roar of the explosion. He plunged through the flames and rescued his wife, whose dress was on fire. It was impossible for them to save anything from the house, but they managed to save 300 young chickens in the brooder house and their two automobiles in the garage. Over 1000 chickens, ready for market, were also saved. They were in a large chicken coop, which was not burned.

The 1000 gallon pumper truck of the Kankakee Fire Department answered the alarm, but because of a lack of water were unable to do much except save the large chicken house and the home of Mr. and Mrs. William Searle next door. Mrs. Searle said after the fire that the sides of her home became smoking hot and that bread on the kitchen table was dried to rock hardness by the heat.

An Illinois Central railway engine, with a tender full of water, was dispatched to Tucker to furnish water but arrived too late to save the house. It was of great assistance, however, in saving the neighborhood's home and the chicken house. For a time it appeared as though the grain elevator only a little way to the east, might be in danger.

The house was of frame construction, two-story and contained seven rooms. It was in excellent condition and was filled with fine furnishings of which the young couple were very proud. In the rear was the brooder house, the corded wood, and a huge pile of coals.

Mr. Martino was rushed to St. Mary's hospital in an automobile by Mrs. Louis Joy, wife of the station agent at Tucker. He was given treatment by Dr. H. W. Bundy.

This call to the Kankakee Fire Department was the climax of five alarms during the day. Three had been because of grass fires throughout the city, one being at the home of Mayor Louis E. Beckman. The fourth call was in response to an alarm from the home of L. Moran, 168 North Myrtle avenue, where a small building at the rear of the residence caught fire. This call came in about 3:30 yesterday afternoon.

This fire, it is believed, caught fire from embers blown from a pile of burning rubbish in the alley. The fire spread from the small building to a garage, but the latter building was saved. The small shed was badly burned. Two trucks of the fire department answered this call.

MRS. BENOIT DIES; FUNERAL IS MONDAY

Mrs. Margaret Benoit, wife of the late Leander Benoit, died this morning at her home, 292 South Rosewood avenue.

Funeral services will be held at 10:00 o'clock Monday morning at St. Rose church, with burial in the Bourbonnais cemetery. The body will be taken from the Senesac undertaking establishment to the home at 8:00 o'clock this evening.

Mrs. Benoit is survived by the following children: Mrs. Lucille Langlois, Mrs. Louis Dandurand, Mrs. Alphonse Marcotte, Miss Georgiana Benoit, and Homer Benoit. She also leaves one sister, Mrs. Jane Alberts of Riverdale, Ill., and one brother, Thomas Dowd of California.

Mrs. Benoit was born March 18, 1847. She was a member of the St. Anne Sodality and of the Order of St. Francis.

TWO LAMAR BANDITS DIE ON GALLOWS

ACCOMPLICES OF FLEAGLE

Jake Fleagle Is Only Member Of
Gang Who Has Not Been
Captured

Canon City, Colo., July 19.—(AP)—George J. Abshier and Howard L. Royston went to their deaths on the state prison gallows last night for the slaying of four men in connection with the robbery of the First National bank of Lamar in May, 1928.

The double hanging left Jake Fleagle, a fugitive, the only member of the small band of ruthless killers who were sought throughout the United States for more than a year after the robbery. Ralph Fleagle, reputed bandit leader, was hanged a fortnight ago.

Prison officials asked the condemned slayers, recently baptized in the Catholic faith, if they had any preference in the order in which they died.

"I'll go," Abshier said, and was taken to Royston's cell for a farewell.

"I'll wait for you on the bosom of Christ," Abshier told his fellow bandit. He was pronounced dead at 9:55 p. m., Royston dying an hour later.

In the Lamar holdup, A. N. Parrish, president of the bank, and his son, John, were slain by the quartet. Two tellers were kidnapped and later the body of one, E. A. Kessinger, was found. He had been murdered to still his tongue, it was revealed later.

CHEATS THE GALLOWS

San Quentin, Cal., July 19.—(AP)—William "Red" O'Brien, Oakland bank robber and slayer sentenced to hang next Friday, cheated the gallows today by committing suicide in his cell in condemned row.

Guards found O'Brien's body at breakfast. Warden James Holohan believed poison had been smuggled into the cell.

STATE ASKS CASE AGAINST ALLEGED SLAYER DISMISSED

Chicago, July 19.—(AP)—The state's hope to convict an accused murderer solely on the basis of ballistic evidence faded today and prosecutors asked that the case of Frank Delbono be dismissed with leave to re-instate.

Delbono was indicted for the murder of Walter L. Wakefield, who with Frank Del Re and Joseph Special were slain in the "Little Massacre" at the Blue Hour cafe Easter Sunday. The state's only evidence was the testimony of ballistic experts that the fatal bullets were shot from a revolver found afterward in Delbono's possession.

PREPARE FOR ENDURANCE

St. Louis, July 19.—(AP)—Dale Jackson and Forest O'Brien will practice making contact with their refueling plane over Lambert-St. Louis field tomorrow preparatory to taking off Monday to attempt to regain the refueling endurance flight record. The existing record of 553 hours, 41 minutes and 30 seconds is held by the Hunter Brothers, who recently beat last year's mark set by Jackson and O'Brien.

HEAT WAVE CONTINUES IN AMERICA

HUMANITY IN ALL DIRECTIONS
CONTINUES TO
SWELTER

NO RELIEF PROMISED

Number Of Deaths And Prostrations Not Large Considering Extent

(By The Associated Press)

From the crow-filled press of the Atlantic seaboard to the Rocky Mountains the United States suffered today under a blanket of heat and, in the East, stewed in the juices of oppressive humidity.

Temperatures in the upper eighties and in the nineties were the general rule, and before midday, thermometers stood at a hundred degrees in Lancaster and Sandusky, Ohio; at 101 in Hagerstown, Md.; at 99 in Jefferson City, Mo.; and at 95 in Chicago—the hottest July 19 in the books.

Reports gathered from every section of the country by the Associated Press indicated that the far West, Asheville, N. C., with a comparatively cool 82, and Vermont and New Hampshire, with scattered showers and a trace of breeze, were about the only vicinities exempt from the general oppression.

New York rubbed its damp brow this morning and found the temperature standing at 74 degrees at half past five after the warmest night of the year. The mercury climbed steadily all morning, and stood by noon at 90 degrees, four above yesterday's high.

Along the Atlantic coast the humidity, sometimes higher than the temperature, helped to keep down prostrations. Only two had been reported in New York, one in Baltimore and none in Boston, Philadelphia or Washington. Pittsburgh reported one death.

In the middle west, notably in Kansas and Missouri, the heat, unaccompanied there by high humidity, was jeopardizing crops already parched by hot winds.

The weather bureau promised general relief within a day or two with cloudiness and showers, but in many sections these reliefs were as far as twenty-four hours or more away.

On the basis of official government figures, the average maximum temperature for the United States yesterday was 90.5.

Of the government weather bureau reporting to the Chicago forecaster, 54 had temperatures of 90 degrees or better. Only nine of the entire number reported maximums under 90.

The nation's granaries, baked hard by the persistent sun, faced drought. Livestock in many places saw green pastures turn russet and die. The danger of corn being fired in the field was felt in Iowa.

A few deaths occurred—sun strokes, prostrations and drowning; but the number was not large considering the extent of the heat wave.

Beaches, especially those near large cities, swarmed with people. In Chicago, where an estimated quarter of a million took to the water to

ON THE TRAIL OF THE NEWS

By BURT E. BURROUGHS

It has been thirty-seven years since our former citizen and townman, Lemuel Milk, passed out—thirty-seven years this very 19th of July. Lemuel Milk was better known to the people generally. Perhaps no individual memory was ever more generally revered by the populace as a whole in the wide realm in which he so long operated than that of Lemuel Milk, pioneer citizen, farmer, stockman and merchant. On that day, thirty-seven years ago, when the announcement of his death came, it was as if an entire community mourned. On that date, thirty-seven years later, as the mention of his name there will be those who may be moved by the spirit of idyllic curiosity to inquire "Who was Lemuel Milk?" The query merely typifies the extent of the reverential regard of the city population over a period of nearly four decades. It emphasizes also another sentiment that finds expression among the living. "So soon are we forgotten!"

The bigoted to truth is blind and so can never change his mind. —Egret the Heron.

Egret the Great White Heron hardly knew what to make of things. He had been told that one of those two-legged creatures with terrible wings, had named Farmer Brown's Boy for his son. You see, he had heard that the boy was as big as a man and that he was as strong as a horse. He had heard that the boy was as brave as a lion and that he was as kind as a lamb. He had heard that the boy was as smart as a fox and that he was as honest as a saint. He had heard that the boy was as good as gold and that he was as true as steel. NORRISSES ARE TOO FREQUENT IN NEB. CAMPAIGN

Lincoln, Neb., July 18.—(P)—The name of George W. Norris will appear only once on the Republican ballot for United States senator at the Nebraska primary election, Aug. 12. Two George W. Norrises had filed for the senatorial nomination—Senator Norris, of McCook, and George W. Norris, a grocery store manager, at Broken Bow.

Chief Justice Charles A. Goss of the state supreme court last night ruled the name of the grocer should not appear on the ballot as his filing reached the secretary of state's office two days after the time limit expired. The decision closes all avenues for further appeal, but does not keep the Broken Bow man from entering the campaign as an independent candidate in the general election in November. His supporters here declined to discuss that possibility.

Justice Goss' ruling leaves three candidates in the race for the nomination, Senator Norris, State Treasurer W. M. Stebbins and Aaron Read, of Madison.

Senator Norris accepted the filing as final and abandoned plans for running as an independent. Broken Bow, Neb., July 19.—(P)—Search for George W. Norris, Broken Bow grocery store manager who filed as a candidate for the Republican nomination for United States senator in opposition to Senator George W. Norris of McCook, was extended to three states today as Senator Gerald P. Nye of North Dakota, chairman of the senate's committee investigating campaign expenditures, prepared to conduct a hearing into the grocer's candidacy. "I will carry my investigation through to a finish," Nye said. "We will find out just what were the reasons for the filing of the Broken Bow man in the race under exactly the same name as that of the present senator."

UNION SERVICE FOR THE YOUNG SUNDAY EVENING

All that will be needed to make the Union Young People's Service tomorrow night the best so far, is a large crowd, and that should be, for the program that has been arranged by the Methodist young people, is attractive in every detail. The meeting will be held in the First Methodist church, and will begin at 8:15 o'clock, with a "get acquainted period," and a song service led by Myron Madison.

The program for the evening is as follows: Group sing, led by Myron Madison, meet at 8:15 o'clock in Wesley hall; topic for discussion, "Looking Toward the Future," leader of discussion, Mr. Robert Moore; reading, Lillian Robbins; and solo, Eunice Seborg. The topic "Looking Toward the Future," is one that will no doubt prove highly interesting, and of

THE OLD HOME TOWN

great benefit to all who hear the points as brought out by Robert Moore, the Methodist leader. We often wonder what the future holds for us, and whether or not we think enough about the future. Do you believe that the right to live carries with a certain obligation to work? Can we have a separate code of ethics for our home, and for our business life? These and many other equally interesting sub-topics will be discussed in open forum by the Kankakee young people.

The special numbers are also of much importance, and should help to vary the usual meeting routine. Of course, there will be a section for the young people at the union church service, and no doubt many of them will stay and help to swell the crowd.

THIRTY DEAD AND SCORES MISSING; PROPERTY DAMAGE

Tokyo, July 19.—(P)—Thirty dead, scores missing and injured, and immense property damage was the known toll today of the typhoon and rainstorm which swept over the Loochoo and Kishiu islands in the

southern part of the empire yesterday. Thousands of persons were made homeless when the storm, traveling 100 miles an hour, destroyed hundreds of dwellings. The wind swept over the islands, crossed the straits and roared into Korea, leaving destruction in its path. A train was wrecked and 20 persons injured, and reports said a village of 300 was buried in a landslide loosened by the heavy down-pour.

On the water the casualties were believed far greater than on the islands. Hundreds of boats were smashed and sunk, some carrying their crews to death. The death toll would have been far greater, it was believed except for the fact warnings of the storm's approach had been broadcast the previous day. Dispatches from Fusan, Korean seaport, said the storm struck there at noon, leveling homes and causing panic before continuing inland undiminished.

Electric plants were crippled and communication interrupted, making it difficult to learn the extent of the storm's fury.

Most transportation systems were at a standstill because landslides had covered roads and railway tracks.

DICTATORSHIP FOR GERMANY IN NEXT NINETY DAYS

Berlin, July 19.—(P)—Germany faced today a 90 day period of real political crisis, during which time the Reich is to be ruled by a dictatorship not responsible to any parliament for its acts.

It remained to be seen whether the president, Field Marshal Paul von Hindenburg, or the chancellor, Heinrich Brüning, would be the dominating figure in the new arrangement.

Political observers felt certain that the president were he a younger man, would assume active control of the situation, but believed it possible that Chancellor Brüning and the cabinet really would govern,

always with the approval of the octogenarian chief executive. The president left last night for the liberated Rhineland regions, which he is visiting for the first time since the war.

On September 14 the German people will go to the polls to elect new members of the Reichstag, in succession to those sent home by the chancellor yesterday when they voted 236 to 221 to revoke his enactment by decree, the day before, of the finance ministry's new tax program.

MIX UP IN BABIES AT CHICAGO HOSPITAL

Chicago, July 19.—(P)—The Charles Bambergers and the William Watkins may have the wrong babies but Mr. Bamberger wants the one he has now even if the hospital tag says it belongs to the Watkins.

Both babies were born June 30. Both were boys. It was Mrs. Watkins' first and Mrs. Bamberger's third. Both babies and both mothers did nicely and all were discharged

from the hospital on the same day, July 9.

Three days later, Mr. Watkins was personally supervising the bathing of his son, christened Charles E. Watkins. On the baby's back was the piece of hospital identification tape.

It read: "Bamberger."

Half an hour later, Mr. Watkins stormed into the Bamberger home, crying "You've got the wrong baby. Yours is mine."

A nurse had just bathed the Bamberger baby and removed the tag. But she found it and it read: "Watkins."

Hospital authorities said they would make blood tests to determine the parentage.

WALTER P. CHRYSLER PRESENTS TWO NEW STRAIGHT EIGHTS

All progress is change. Only by change do man and the factors of his civilization move from the lower to the higher state; from the cruder to the finer development. Our Chrysler engineers devote their lives to study, to analysis, to experimentation. And out of this constant searching and trying come the knowledge, conviction and decision that lead to progress. In announcing two complete lines of New Straight Eights, in addition to our lower-priced Chrysler Sixes, we now register our most important change and progress—all designed, all worked for, all created to give the world better and more satisfying transportation.

In our progress there is no departure from fundamental principles. To maintain public approbation, we must give always finer, more dependable, more dynamic car performance—must offer always greater value, as well as cars better suited to the needs of modern transport. Thus, our latest Chryslers—the new Chrysler Eight and the new Chrysler Imperial Eight—containing as they do, outstanding engineering and style improvements—are, we believe, milestones along the course of automobile progress. We are proud and eager to submit these cars to the inspection and test of the public.

CHRYSLER EIGHT: Standard Models—Roadster, \$1495; Coupe, \$1495; Sedan, \$1525; Special Coupe, \$1535; Special Sedan, \$1565; Special Convertible Coupe, \$1665; Sport Roadster, (Six Wire Wheels and Trunk Rack) \$1595; all prices f. o. b. factory. Special equipment extra.

CHRYSLER IMPERIAL EIGHT: Seven-Passenger Sedan, Sedan-Limousine, Five-Passenger Sedan, Closed-Coupled Five-Passenger Sedan. Arrange with us for immediate demonstration.
